**NEWS RELEASE** 

FOR RELEASE December 11, 2003 Contact: Andy Nielsen 515/281-5515

Auditor of State David A. Vaudt today released an audit report on the City of Bedford, Iowa.

The City's receipts totaled \$2,537,210 for the year ended June 30, 2003. The receipts included \$315,012 in property tax, \$34,503 in tax increment financing collections, \$162,854 from the state, \$257,082 from the federal government and \$17,504 in interest on investments. The City also received note proceeds of \$280,012 and proceeds from the sale of property of \$100,000 that are reported as other financing sources.

Disbursements for the year totaled \$2,591,865, and included \$1,155,003 for business type activities, \$379,731 for capital projects and \$293,677 for public works.

This report contains recommendations to the City Council and other City officials. For example, duties among employees should be segregated to prevent individual employees from handling duties which are incompatible. Also, the budget for the year ended June 30, 2003 should have been amended in accordance with the Code of Iowa before disbursements were allowed to exceed the budget. The City's responses are included in this report.

A copy of the audit report is available for review in the Office of Auditor of State and the City Clerk's office.

### Independent Auditor's Report

To the Honorable Mayor and Members of the City Council:

We have audited the accompanying financial statements, listed as exhibits in the table of contents of this report, of the City of Bedford, Iowa, as of and for the year ended June 30, 2003. These financial statements are the responsibility of the City of Bedford's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Also, as permitted by the Code of Iowa, the accounting records of the City have not been audited for all prior years. Accordingly, we were unable to satisfy ourselves as to the distribution by fund of the total fund balance at July 1, 2002.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to verify the distribution by fund of the total fund balance at July 1, 2002, as discussed in the preceding paragraph, the aforementioned financial statements present fairly, in all material respects, the results of the cash transactions of the funds of the City of Bedford as of and for the year ended June 30, 2003, and its indebtedness at June 30, 2003, on the basis of accounting described in note 1.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated September 19, 2003 on our consideration of the City of Bedford's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental information included in Schedules 1 through 8, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in our audit of the aforementioned financial statements and, in our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to verify the distribution by fund of the total fund balance at July 1, 2002, as discussed in the third preceding paragraph, is fairly stated, in all material respects, in relation to the aforementioned financial statements taken as a whole.

DAVID A. VAUDT, CPA Auditor of State WARREN G. JENKINS, CPA Chief Deputy Auditor of State

September 19, 2003

#### Notes to Financial Statements

June 30, 2003

### (1) Summary of Significant Accounting Policies

The City of Bedford is a political subdivision of the State of Iowa located in Taylor County. It was first incorporated in 1895 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens, including public safety, public works, health and social services, culture and recreation, community and economic development, general government and business type activities.

### A. Reporting Entity

For financial reporting purposes, the City of Bedford has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City. The City has no component units which meet the Governmental Accounting Standards Board criteria.

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Taylor County Assessor's Conference Board, Bedford Area Economic Development Corp. and the Adams/Taylor Regional Service Agency.

#### B. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its receipts, disbursements and balances. The various funds and their designated purposes are as follows:

#### Governmental Funds

General Fund – The General Fund is the general operating fund of the City. All general tax receipts and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid through other funds.

- <u>Special Revenue Funds</u> The Special Revenue Funds are utilized to account for receipts derived from specific sources which are usually required by law or regulation to be accounted for in separate funds.
- <u>Debt Service Fund</u> The Debt Service Fund is utilized to account for the payment of interest and principal on the City's general obligation long-term debt.
- <u>Capital Projects Fund</u> The Capital Projects Fund is utilized to account for all resources used in the acquisition and construction of capital facilities, with the exception of those that are financed through Enterprise Funds.

### **Proprietary Funds**

- <u>Enterprise Funds</u> The Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services that are supported by user charges.
- <u>Internal Service Fund</u> The Internal Service Fund is utilized to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

#### Fiduciary Funds

<u>Trust Funds</u> – The Trust Funds are used to account for monies and properties received and held by the City in a trustee capacity. These include Expendable Trust Funds and Non-Expendable Trust Funds.

### C. Basis of Accounting

The City of Bedford maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

#### D. Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except Internal Service and Non-Expendable Trust Funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements, known as functions, not by fund. These functions are public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities.

### E. Total (Memorandum Only)

The total column on the combined statement of cash transactions is captioned "Memorandum Only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position or results of operations in conformity with U.S. generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

#### (2) Cash and Pooled Investments

The City's deposits in banks at June 30, 2003 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3.

### (3) Long-Term Debt

#### Notes Payable

Annual debt service requirements to maturity for general obligation and revenue notes are as follows:

Year	Gene				_	,

The resolutions providing for the issuance of the revenue notes include the following provisions:

- (a) Note proceeds totaling \$77,500 shall be deposited in a Sewer Reserve Fund which shall be pledged to pay principal and interest payments coming due when insufficient money is available in the Sewer Sinking Fund. The City purchased a certificate of deposit in this amount to reserve the funds.
- (b) The notes will only be redeemed from future earnings of the enterprise activity and the note holders hold a lien on the future earnings of the funds.
- (c) Sufficient monthly transfers shall be made to a Sewer Sinking Fund for the purpose of making the note principal and interest payments when due.
- (d) Additional monthly transfers of \$1,000 shall be made to a Sewer Improvement Fund until deposits in the Improvement Fund equal \$60,000. This fund is restricted for the purpose of making the note principal and interest payments when the Sinking and Reserve Fund balances are insufficient and to pay the costs of extraordinary maintenance expenses or repairs, renewals and replacements, etc. The City has not established this fund or made any of the required transfers.

#### Promissory Note

On June 15, 1998, the City entered into a promissory note agreement with the Southern Iowa Development Group, Inc. (SIDG) for \$250,000. The note bears interest of 4.25% per year, with principal and interest payments of \$3,940 per month beginning July 15, 1998 and on or before the first day of each month thereafter until June 15, 2004. The note is secured by assignment of payments from the Promissory Note with Gear For Sports, Inc. (see Note 8). During the year ended June 30, 2003, the City paid \$44,288 of principal and \$2,990 in interest. The principal balance of the loan at June 30, 2003 is \$46,207, which is due on June 15, 2004.

#### Loan Payable

On May 1, 1992, the City entered into loan agreements with the Southern Iowa Rural Water Association (SIRWA) for \$186,322 and \$38,790, respectively. On December 31, 2001, the City combined the loans into one loan bearing interest of 5.75% per year, with principal and interest payments of \$1,386 per month beginning January 31, 2002 and each month thereafter until March 31, 2014. During the year ended June 30, 2003, the City paid \$8,699 of principal and \$7,933 in interest. Future annual maturities of the loan are as follows:

Year Ending June 30,	Principal	Interest
2004 2005 2006 2007 2008 2009 2010 2011 2012 2013	\$ 9,212 9,756 10,332 10,942 11,589 12,273 12,997 13,765 14,577 15,438	7,420 6,876 6,300 5,690 5,044 4,359 3,635 2,867 2,055 1,194
2014	12,332	367
Total	\$ 133,213	45,807

#### (4) Pension and Retirement Benefits

The City contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the City is required to contribute 5.75% of annual covered payroll except for police employees, in which case the percentages are 6.04% and 9.07%, respectively. Contribution requirements are established by state statute. The City's contribution to IPERS for the year ended June 30, 2003 was \$20,546, equal to the required contribution for the year.

#### (5) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation and compensatory time hours for subsequent use or for payment upon termination, retirement or death. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate liability for earned compensated absences payable to employees at June 30, 2003, primarily relating to the General Fund, is as follows:

Type of Benefit	Amount
Vacation Compensatory time	\$ 11,000 9,000
Total	<u>\$ 20,000</u>

This liability has been computed based on rates of pay in effect at June 30, 2003.

### (6) Risk Management

The City of Bedford is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 670.7 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool with over 475 members from various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property and inland marine. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 300 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The City of Bedford's property and casualty contributions to the risk pool are recorded as disbursements from its operating funds at the time of payment to the risk pool. The City's annual contribution to the Pool for the year ended June 30, 2003 was \$44,593.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$250,000 per claim. Claims exceeding \$250,000 are reinsured in an amount not to exceed \$1,750,000 per claim and \$5,000,000 in aggregate per year. For members requiring specific coverage from \$2,000,000 to \$15,000,000, such excess coverage is also reinsured. All property risks, including automobile physical damage, are also reinsured on an individual-member basis.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. As of June 30, 2003, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its capital contributions. However, the refund is reduced by an amount equal to the annual operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The City of Bedford also carries commercial insurance purchased from other insurers for coverage associated with workers' compensation and employee blanket bond. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### (7) Budget Overexpenditure

Per the Code of Iowa, disbursements may not legally exceed budgeted appropriations at the functional level. During the year ended June 30, 2003, disbursements in the public works and community and economic development functions exceeded the amounts budgeted.

#### (8) Economic Development Note Receivable

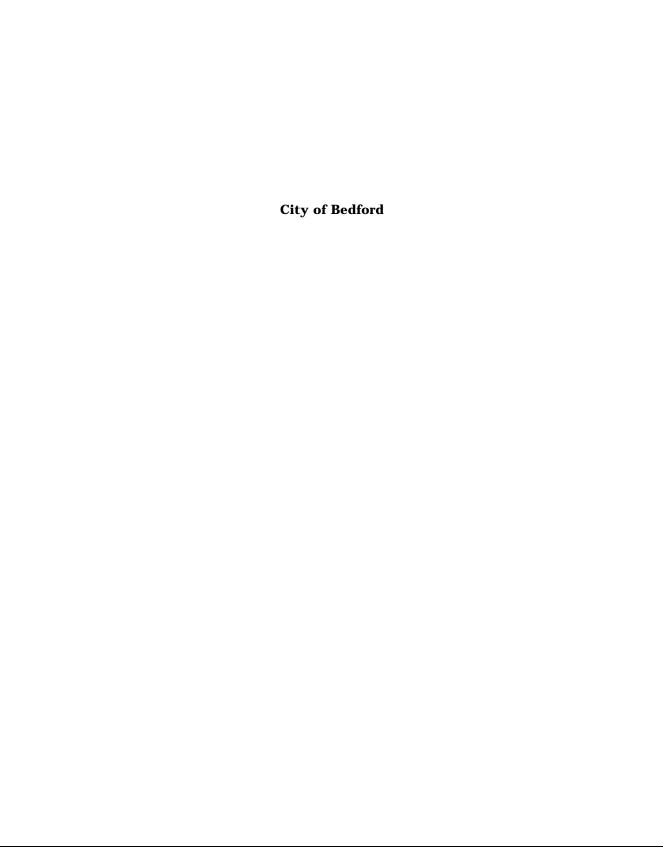

On June 1, 1998, the City received a signed promissory note from GEAR For Sports, Inc. (GEAR) for \$553,000. The note is interest free and payments of \$6,325 are due each month, starting July 1, 1998, until June 1, 2004, when the remaining principal balance of \$97,600 will become fully due and payable. Principal not paid when due will draw interest at 10% per annum. Upon default in payment of any installment, the whole amount becomes immediately due. In return for the \$553,000 note, the City gave GEAR a building valued at \$290,000, a lot valued at \$13,000 and a check for \$250,000.

The City received \$75,900 from GEAR during the year ended June 30, 2003.

In connection with GEAR, the City also received a Community Economic Betterment Account (CEBA) forgivable loan from the Iowa Department of Economic Development (IDED) of \$300,000. As of June 30, 2000, the \$300,000 had been received by the City and passed through to GEAR. The forgivable loan was made under a 5 year agreement and bears interest at a rate of 6%. If GEAR is still satisfying the terms of their agreement with the IDED after three years from the project completion date, the repayment of the forgivable loan will be permanently waived.

#### (9) Commitment

On April 2, 2003, the City approved a contract for city hall renovation of \$81,205. Payments totaling \$30,845 were made on this contract during the year ended June 30, 2003. The remaining \$50,360 will be paid as work on the contract progresses.

### OFFICE OF AUDITOR OF STATE

STATE OF IOWA

David A. Vaudt, CPA Auditor of State

State Capitol Building
Des Moines, Iowa 50319-0004

Telephone (515) 281-5834 Facsimile (515) 242-6134

<u>Independent Auditor's Report on Compliance</u> and on Internal Control over Financial Reporting

To the Honorable Mayor and Members of the City Council:

We have audited the financial statements of the City of Bedford, Iowa, as of and for the year ended June 30, 2003, and have issued our report thereon dated September 19, 2003. Our report on the financial statements, which were prepared in conformity with an other comprehensive basis of accounting, expressed a qualified opinion since we were unable to satisfy ourselves as to the distribution by fund of the total fund balance at July 1, 2002.

Except as noted in the Independent Auditor's Report, we conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether the City of Bedford's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance that are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2003 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. Prior audit statutory comments have been resolved.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Bedford's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect City of Bedford's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe items (A) and (C) are material weaknesses. Prior audit reportable conditions have been resolved except for items (A) and (C).

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Bedford and other parties to whom the City of Bedford may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Bedford during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

DAVID A. VAUDT, CPA Auditor of State WARREN G. JENKINS, CPA Chief Deputy Auditor of State

September 19, 2003

#### Schedule of Findings

Year ended June 30, 2003

#### **Findings Related to the Financial Statements:**

#### **INSTANCES OF NON-COMPLIANCE:**

No matters were noted.

#### **REPORTABLE CONDITIONS:**

- (A) <u>Segregation of Duties Separately Maintained Records</u> One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. One individual has control over investments and all accounting functions for separately maintained records. In addition, prenumbered receipts were not issued for money collected, checks received by the library were not restrictively endorsed and library investment details were not readily available.
  - <u>Recommendation</u> We realize that with a limited number of office employees, segregation of duties is difficult. However, the City should review the operating procedures over separately maintained records to obtain the maximum internal control possible under the circumstances.
  - <u>Response</u> We plan to assume responsibility for all accounting functions for separately maintained records.
  - Conclusion Response accepted.
- (B) Records of Accounts The Fire Department maintains the accounting records pertaining to the operations of the fire funds. The transactions and the resulting balances are not recorded in the Clerk's accounting records. Chapter 384.20 of the Code of Iowa states in part that "a City shall keep accounts which show an accurate and detailed statement of all public funds collected, received, or expended for any City purpose."
  - <u>Recommendation</u> For better accountability, financial and budgetary control, the financial activity and balances of all City accounts should be recorded in the Clerk's accounting records.
  - <u>Response</u> We will assume responsibility for Fire Department operating activity. The Fire Department plans to establish themselves as a non-profit corporation for the fund raising activity.
  - Conclusion Response accepted.
- (C) <u>Ambulance Delinquencies</u> A monthly reconciliation of ambulance billings, collections and delinquent accounts was prepared throughout the year. However, a detailed listing of delinquent accounts was not prepared and reconciled.

#### Schedule of Findings

#### Year ended June 30, 2003

<u>Recommendation</u> – A detailed listing of delinquent accounts should be prepared and reconciled to the monthly reconciliation of ambulance billings, collections and delinquencies. The Council or an Ambulance Board-designated independent person should review the reconciliations and monitor delinquencies.

<u>Response</u> - We will prepare a complete record of unpaid accounts and document the reconciliation of billings to collections and unpaid accounts each month.

Conclusion - Response accepted.

(D) <u>Control of Trash Sticker Sales</u> – The City sells trash stickers for one dollar each as a method of collecting money to pay for the collection of garbage. The stickers are not numbered, the collections are not controlled and the money collected is not receipted promptly.

<u>Recommendation</u> – The City should establish a method to account for trash stickers sold and the sales should be receipted and recorded timely.

<u>Response</u> – We will prepare cash proof sheets to document the proper accounting for trash stickers sold.

<u>Conclusion</u> – Response accepted.

(E) <u>Electronic Data Processing Systems</u> – The City does not have written policies for internet usage. Also, access to programs is not restricted to those who have a legitimate need, backup tapes are not stored off-site and a written disaster recovery plan does not exist.

<u>Recommendation</u> – The City should develop written policies addressing the above items in order to improve their control over computer based systems. Also, a written disaster recovery plan should be developed and backup tapes should be stored offsite.

<u>Response</u> – We will establish policies to cover these areas and will store backup tapes off-site. A disaster recovery plan has been developed and will be approved at the November Council meeting.

<u>Conclusion</u> – Response accepted.

#### Schedule of Findings

#### Year ended June 30, 2003

### **Other Findings Related to Statutory Reporting:**

- (1) Official Depositories A resolution naming official depositories has been approved by the City Council. The maximum deposit amounts stated in the resolution were not exceeded during the year ended June 30, 2003.
- (2) <u>Certified Budget</u> Disbursements during the year ended June 30, 2003 exceeded the amounts budgeted in the public works and community and economic development functions. In addition, disbursements exceeded the budget in the capital projects function before the budget was amended. Chapter 384.20 of the Code of Iowa states in part that public monies may not be expended or encumbered except under an annual or continuing appropriation.

<u>Recommendation</u> - The budget should have been amended in sufficient amounts in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response - The budget will be amended in the future, if applicable.

Conclusion - Response accepted.

- (3) <u>Questionable Disbursements</u> No disbursements that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- (4) <u>Travel Expense</u> No disbursements of City money for travel expenses of spouses of City officials or employees were noted.
- (5) <u>Business Transactions</u> Business transactions between the City and City officials or employees are detailed as follows:

Name, Title and	Transaction	
<b>Business Connection</b>	Description	Amount

Garnita Ewart, Council Member, son owns Ewart Insurance Agency

Performance bond premiums \$ 9

In accordance with Chapter 362.5(11) of the Code of Iowa, the above transaction with the Council Member's son does not appear to represent a conflict of interest since the cumulative amount was less than \$2,500 during the fiscal year.

- (6) <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- (7) <u>Council Minutes</u> No transactions were found that we believe should have been approved in the Council minutes but were not.

#### Schedule of Findings

### Year ended June 30, 2003

- (8) <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.
- (9) <u>General Obligation and Sewer Revenue Notes</u> During the year ended June 30, 2003, the City received accrued interest of \$898 from the issuance of general obligation capital loan notes and recorded this interest in the General Fund. The note resolution required the accrued interest to be deposited in the Debt Service Fund.

During the year ended June 30, 2001, the City issued sewer revenue notes. The note resolution required the City to establish separate Sinking, Reserve and Improvement Funds. The City established the Sinking and Reserve Funds but did not establish the Improvement Fund.

In addition, the sewer note resolution requires "the books and accounts to be audited annually and reported upon not later than 180 days after the end of each fiscal year." The City has not obtained an annual audit since issuance of the notes.

<u>Recommendation</u> - The City should transfer the accrued interest received from the General Fund to the Debt Service Fund. In addition, the City should establish separate funds as required by the sewer note resolution and consult bond counsel regarding the requirement for an annual audit.

<u>Response</u> – Per phone conversation with Ruan Securities regarding the wire of \$279,910.83 received on July 29, 2002, I was informed to disburse the amount among the three projects involved as follows:

Fire station/City Hall remodel \$196,381.56 Street improvement 2002 \$ 83,529.27

I then called USDA regarding requirements of the grant and was told that the City match to be placed in the "fire station project" account was \$116,314.00, thus leaving the amount of \$80,067.56 to be used on the City Hall remodel project.

The total amount included the \$898 in accrued interest. I was not aware that this amount needed to be separated out and placed into Debt Service. However, since the amount needed for the first payment (\$10,947) was transferred from General to Debt Service I felt this met the requirement. I apologize for any confusion and will be aware of this on future projects. I did feel that I had followed the advice of Ruan Securities and USDA on the disbursement of funds. I will transfer the \$898 to the Debt Service Fund accordingly.

Regarding the sewer revenue capital loan notes, I have separated the sinking and reserve accounts and established an improvement fund as required. I will transfer \$1,000 per month into the improvement fund until the \$60,000 requirement is met. I have visited with bond counsel regarding the annual audit and will advise the City Council of this recommendation.

<u>Conclusion</u> – Response accepted.

#### Schedule of Findings

#### Year ended June 30, 2003

(10) Payment of General Obligation Bonds – Certain general obligation bonds were paid from the Enterprise Fund, Gas Revenue, Gas Bond Sinking and Gas Depreciation, Extension and Improvement accounts. Chapter 384.4 of the Code of Iowa states in part that "Moneys pledged or available to service general obligation bonds, and received from sources other than property tax, must be deposited in the Debt Service Fund."

<u>Recommendation</u> – The City should transfer from the Enterprise Fund, Gas Revenue, Gas Bond Sinking and Gas Depreciation, Extension and Improvement accounts to the Debt Service Fund for future funding contributions. Payments of the bonds should then be disbursed from the Debt Service Fund.

Response - We will transfer in the future as recommended.

Conclusion - Response accepted.
